Dear Posey:

I am hastening to answer your letter off March 13th to tell you I will be very glad to cooperate with you on your elks program, and have the game in Newark on June 26th between The Eagles and The Grays come under this program. I wish you would send me some information about it, so I can get some publicity however. I would like to know more about the scholarship they give, how it is determined, etc. I am enthusiastic about the program and am willing to cooperate 100 %.

Now about this latest setback. Is it true that Josh has gone to Mexico? I cannot hardly believe it. He must have known the stand you people took about him, how much you were ready to sacrifice for him, it doesn't seem possible that he would go away after all this. I was in Phila. yesterday, and talked to Gottlieb on the telephone. He was quite surprised, could hardly believe it. He said he would probably contact the other members, and ask them to wire or write their congressmen and senators, and ask them to help us to stop the men from leaving. I told him you had written me that you had asked your congressman to help.

If there is any thing I can do let me know. If you think a contact with my senator or congressman will help I will contact them at once. I think it will be a good idea.

The men should be in from Puerto Rico tomorrow. I will write you and let you know if there is any news.

I have been wondering if you would give us Patton
for Clackson I am trying to work out a deal and if it goes through I will make this trade. Let me know right away.

Very Truly Yours
